Artists worthy of jotting.

**Special thanks to Kay Burton and Kit Kushin for their assistance and ongoing support.**

**Nicholas Factoran's** movement quality is one of excellence, integrity and professional illuminating him as a prolific dancer. He oscillates between complexity and simplicity at ease and own sincere sense of play. This is paramount an honorable - he can archive options rather than close doors. Nick's artistry is promised and it was an honor to work with him. Our next collaboration will begin in July of 2010.

**Nicholas Tripi** is an intuitive musical wizard. His music cultivates a symbiosis of absurd and grace. Nick is a creative genius and I look forward to the unfolding of his adulthood. I look forward to another collaboration with Nick in the future. Somebody get this guy a cape.

**John Giannone** is my father. He is a composer. He is a veterinarian. My dad was the primary source to coin the phrase "Vuoto". He wrote the song "Vuoto" while healing from a double knee replacement surgery.
